

On Wednesday, March 10, the Orlando Magic along with KaBOOM!, City of Kissimmee and Community Vision built a playground in a day at Oak Street Community Center in Osceola County.

More than 300 volunteers from the Orlando Magic, the City of Kissimmee and Community Vision, organizers from KaBOOM! and residents of the

Kissimmee community joined forces to build a new, safe playground at the Oak Street Community Center. It will provide hundreds of children in the Kissimmee community with a safe place to play.

Below is a link to great photos of our City of Kissimmee playground located near the Post office and ball fields. This is the 2nd partnership of this kind with the City of Kissimmee and both are truly neighborhood parks.

*A special thanks to Chris Gent for capturing these Magic moments.*
