

OSCEOLA COUNTY HEALTH SUMMIT

Discovering Unnatural Causes Impacting Health

Friday, May 5, 2017

8:00 – 11:30 am

Osceola Council on Aging — 700 Generation Point, Kissimmee, FL

Breakfast Provided- \$10 per person

Presented by:

Hosted by:

Supported by:

Our health is determined in part by access to social and economic opportunities; the resources and supports available in our homes, neighborhoods, and communities; the quality of our schooling; the safety of our workplaces; the cleanliness of our water, food, and air; and the nature of our social interactions and relationships. The conditions in which we live explain in part why some Americans are healthier than others and why Americans more generally are not as healthy as they could be. Attend this engaging summit and discover how our community is faring and what we can do together to improve our health opportunities and outcomes for everyone.

At the Osceola County Health Summit, learn about:

- Current Osceola County Health Rankings
- State of our Behavioral Health

Thought-provoking and insightful breakout sessions include:

- The Future of Healthcare – How technology and innovation are impacting the delivery of and access to healthcare
- Getting on the Road to Better Health - How transportation affects your ability to access healthcare and what's in store for the future
- Coming to America – The Cultural Impacts of Health - Where you were born and your cultural background affects generations of health outcomes
- Healthy Babies – Explore the differences in neighborhoods with highest and lowest infant mortality and discuss opportunities to improve health outcomes for moms and babies
- From Good to Great – Osceola County District Schools - How our school district is making student and family health a priority to improve learning and achievement
